

Boom-Clean

For decontaminating and cleaning boom and spray tanks

HTA Boom-Clean has been developed to remove stubborn agricultural chemicals from tanks, hoses, booms, filters, screens and spray nozzles. HTA Boom-Clean will remove herbicide and pesticide deposits and other debris, including oily substances.

Benefits

- ✓ Chlorine free
- ✓ Microbe friendly (suitable for use prior to TwinN application)
- ✓ Environmentally friendly

Cleaning Directions:

- 1) Fill tank with water.
- 2) Add HTA Boom Clean as per criteria below:

Light Soiling - Dilute 100ml :1L with water

Medium Soiling - Dilute 175ml :1L with water

Heavy Soiling 350ml :1L with water

- 3) Agitate if possible.
- 4) Pump through boom and nozzles for 2 minutes.
- 5) Leave standing overnight.
- 6) Pump out onto soil.
- 7) Rinse tank with water before reusing.

Safety Directions:

May cause eye irritation/damage and skin corrosion. A corrosive liquid, therefore, must be handled with care and using the correct PPE, as per the product SDS.

First Aid Advice:

- If poisoning occurs, contact a doctor or Poisons Information Centre Tel 13 11 26.
- If swallowed DO NOT induce vomiting. Rinse with plenty of water and seek medical attention, immediately.
- If skin contact occurs remove contaminated clothing and wash skin thoroughly.
- If eye contact occurs, rinse with plenty of clean water and seek medical attention.

Packaging:

20L, 200L and 1000L
